What is Lamulux?

Lamulux products are made of furniture panels finished with a material similar to that of a laminate floor. Various beautiful and price-conscious living programs are created from designed unique decors with haptics, so that Lamulux feels like wood, but is made of maintenance-free Lamulux.

Where consumers increasingly opt for "experience" over material use, Lamulux is a great alternative which is available in several colours and finishes.

Advantages

- Unique decor
- Higher scratch, colour, wear and impact resistance
- Stronger impact resistance
- Easy to maintain
- Feels like solid wood, but has no wood effect
- Soft close on doors
- Edges and corners are child-friendly
- Environmentally friendly and user-friendly finish
